MYSCHOOLPULSE BRINGS SCHOOL TO HOSPITALS
Because every child has the right to dream, learn and hope....

In October 2012, Myschoolpulse opened a school in a 3rd hospital, at the Saint George Hospital University Medical center, in Beirut.

Since inception in 2010, we have schooled 121 children undergoing treatment for a life-threatening illness. This would not have been possible without the help and contribution of every single one of you.
